ABOUT

This 22-hour foundational course, followed by a two-hour examination, provides the knowledge necessary to perform entry-level responsibilities within the many facets of the electronic life safety and security industry. It will prepare all individuals from sales representatives to installation technicians to tailor an application for commercial or residential, plan for and initiate a successful installation, act responsibly while on the job, as well as effectively communicate with customers and others in the industry.

COURSE INFORMATION

Your instructor will be: Don Childers

The course will begin at 8:00 am and end at approximately 5:00 pm each day. The Level I - Certified Alarm Technician Training is now required by law for those qualifying agents seeking burglar alarm licensure. **Each attendee should bring a laptop, pencil/pen and calculator to the course.**
